Note: The new data protection rules which into effect in May 2018 require that all adults (defined as 16+) must give individual consent to their data being collected and to its use, which must also be clearly set out. To this end the parishioner registration form has been redeveloped to meet the new rules and a supplementary form created. All remaining adults are asked to complete an individual supplementary form. It would be helpful to us if all the forms completed could be returned together.
